Dear Derek Doyle:

**Re: Advice from the OGC Advisory Committee**

Thank you for attending our last meeting May 2 and 3, 2002. As I was unable to attend, Jackie Allen, Vice-Chair chaired the meeting.

On behalf of the Advisory Committee, I am writing to provide our specific advice to the Oil and Gas Commission.

- Commissioner should oppose change of governance; policy makers and regulators need to be separate.
- Decisions of the Advisory Committee to be publicly communicated.
- Future appointments should be gender and geographically balanced.
- Environmental Fund should be broadened to include other industries and have greater community involvement.
- All four Environmental Fund proposals brought to the previous meeting to go forward.
- Ensure the Minister of Finance does not take OGC's surplus.
- Consider same fee reduction for multi-pad drilling.

We look forward to hearing how you will move forward on the advice given.

Sincerely,

Bob Fedderly,  
Chair
