Dear Derek:

Re: Advice / Recommendations from the OGC Advisory Committee

The Advisory Committee held its quarterly meeting on October 3rd and 4th in Fort St. John. The following represents a summary of the Committee's advice and recommendations to the Oil and Gas Commission as a result of discussions at this meeting:

Glossary of Oil and Gas Acronyms

→ Place the Glossary on the OGC website with a search capability for public viewing.

Archaeology Reports

→ Implement a process to help satisfy the missing component for traditional land use review that the new Archaeology process eliminated.

Integrated Land and Resource Registry (ILRR)

→ Access to ILRR data should be disseminated as widely as possible. The Committee concurs with CAPP's desire that the Peace River Block be given a standard geo-referencing.

A copy of the minutes of the Advisory Committee's meeting are attached for your reference. These minutes elaborate on the discussions that culminated in our advice and recommendations to you.

We look forward to hearing how you will move forward on the advice given.

Sincerely,

Mike Waberski
Advisory Committee Chair

Encl.
