

## New Applications Pipeline Application Fee Calculation Worksheet

Applicant: \_\_\_\_\_ OGC File #: \_\_\_\_\_

As stated in Information Letter # OGC 09-10, the fees established in section 20 of the Pipeline Regulation have been amended to include a pipeline application fee. This pipeline application fee is dependent on both the outside diameter and length of the pipeline. This worksheet has been established to assist with the calculation of required pipeline application fees.

Determine the outside diameter of the pipeline contained in the pipeline application.

If the pipeline application has multiple outside diameters, choose the maximum outside diameter contained in the pipeline application. This value will be used to determine the fixed cost portion of the application fee. Check the appropriate box below to determine the fixed cost of the pipeline application, and enter the appropriate value in Field 1.

< 152 mm (Enter \$900 in Field 1)

≥ 152 mm (Enter \$1200 in Field 1)

1 \$ \_\_\_\_\_

Determine the length of the pipeline contained in the pipeline application.

- If the pipeline application only contains pipe with an outside diameter <152 mm, complete part A
- If the pipeline application only contains pipe with an outside diameter ≥152 mm, complete part B
- If the pipeline application contains pipe with an outside diameter greater and less than 152 mm, complete part A and B

A). For pipelines with an outside diameter < 152 mm, enter the total length (to the nearest 0.1 km) with a minimum of 1 km) in Field 2. Multiply this value by \$200, and enter the total in Field 3.

2 \_\_\_\_\_ km x \$200/km

3 \$ \_\_\_\_\_

B). For pipelines with an outside diameter ≥ 152 mm, enter the total length (to the nearest 0.1 km) with a minimum of 1 km) in Field 4. Multiply this value by \$400, and enter the total in Field 5.

4 \_\_\_\_\_ km x \$400/km

5 \$ \_\_\_\_\_

Calculate the total pipeline application fee by summing together Fields 1, 3, and 5. Enter this total pipeline application fee in Field 6.

6 \$ \_\_\_\_\_

Please make cheque payable to the Ministry of Finance.  
The cheque is required to be submitted at the time of application.
